Our collaborative partners offer free training and placement guidance for the final semester students. The College has an online portal to help them prepare for different competitive examinations for government jobs.

## EMPOWERING MINDS – OUR APPROACH

The college undertakes various activities at regular intervals to promote and encourage experiential learning among the students. The different departments of the college organize departmental tours, field trips, educational surveys etc. which provide the students an opportunity for learning by doing. The visits to the book fair, household surveys, educational trips help them to gain practical knowledge about the curriculum.

The college has adopted various student-centric methods such as field surveys and educational tours in relevant subjects where the focus has been on participative learning. The students are encouraged to explore the various aspects of the curriculum and seek answers through observation and experiment. Participative learning is implemented through various activities.

Various problem-solving methodologies are adopted by the college to help the students solve problems. Students are encouraged to engage in interactive and participative discussion with each other so that the method of teaching no longer remains teacher-centric. Besides this, home assignments and projects are given to the students to strengthen their problem solving skill as well as to encourage them to explore different resources of the college like books, journals and e-resources.

The college promotes extensive use of ICT Tools. The college has four smart classrooms which are equipped with overhead projectors where teachers take power point classes. The ICT tools were used extensively during the Covid 19 pandemic.

Teachers are extremely qualified in all the department. Most of them have already acquired doctoral degree and others are already pursuing. We have very good student-teacher ratio and we can give careful attention to each of our students.

# LIFE AT CAMPUS

## GUIDING HANDS, SUPPORTIVE MINDS

The distinctiveness of the college lies in its prioritization of student-teacher bonding which goes hand in hand with its motto of imparting holistic education to the students. The college firmly believes in the theory that students are the decision makers of the future and a student with a strong mind and a soft heart can truly contribute towards the betterment of the community and the nation. Hence, it is needless to say that imparting education to the students and following the curriculum is not the only duty of the teachers. Teachers play the role of mentors, guides and co-sympathizers which goes a long way in creating a very strong student-teacher bonding.

The college pays special attention to the needs of the slow learners and the physically challenged students. Special classes are held for the benefit of the slow learners.

We understand the importance of mental well-being of the young minds. We have an extremely efficient Psychological Counselling Cell which provides psychological counselling for students by professional counsellors which is absolutely free of cost.
